“Carmen was amazing. We had bought an older home and needed a good clean before we arrived to move in. She was so accommodating especially when our possession date was delayed. She just kept telling me all would be well and it was. She had her crew do so much and a great job. While there were a few missed corners and cupboards, overall it was a fantastic job. I would certainly hire her again, and recommend her.”

“Carmen called me promptly and set up an appointment to come give me a free estimate on my home cleaning needs. She is very professional and friendly and I liked her upon meeting her. She explained what they did and gave me a reasonable first time price. So I set up a time for them to clean. They did amazing! They dusted all my blinds and fans (I have a lot) did my bathrooms, floors, general cleaning needs and it looks great! I have booked them to come back every two weeks to keep my home looking good. I would recommend them for all your cleaning needs.”

“This is a rating for the husband that does washer and dryer repairs on the side, I did not use the maid service. He was very friendly and helpful. He knew exactly what was wrong with my washer just by having me describe the issue over the phone. He then came out and took machine apart and showed me the bad piece. He was able to locate the part that needed to be replaced locally and at a better price than we could find online. He didn't charge any markup on the part and had my machine up and running in no time.”
